**LEGGE FARROW ATTORNEY EDUCATES  
INTERNATIONAL SHIPPING EXECUTIVES  
ON U.S. MARITIME LITIGATION AT SEMINAR IN GREECE**

More than 100 shipping executives from around the world attended Legge Farrow Attorney Alexander Papandreou's presentation, "Navigating the Shoals of U.S. Maritime Litigation: A U.S. Lawyer's Perspective on a Unique Legal System" on October 25, 2006, at the Yacht Club in Piraeus, Greece.

The presentation was part of the annual international seminar sponsored by Assuranceforeningen Skuld. Headquartered in Oslo, Skuld is a leading marine insurer providing Protection and Indemnity (P&I) coverage to ship owners and charterers around the world.

Greece is the leading nation in international shipping with a fleet exceeding 3,400 oceangoing vessels controlled by Greek interests.

Mr. Papandreou, who is originally from Greece, handles marine, commercial, insurance coverage, and personal injury defense claims for Legge Farrow. He has been interviewed by TradeWinds on U.S. legal issues.

Skuld is one of thirteen members of the International Group of P&I Associations that work closely together in reinsurance and industry matters of common interest. The International Group insures approximately 90% of the world's merchant fleet.

At the event, SKULD's CEO provided significant insight as to the ongoing negotiations regarding the merger between the SKULD P&I Club and the Swedish P&I Club, which if completed, will lead to the creation of a new market leader in the mutual insurance field. Moreover, SKULD's COO and CFO spoke regarding mutual insurance in the international shipping industry and recent developments in the International Group of P&I Clubs.

Legge Farrow is a 10-year-old law firm whose attorneys represent foreign and domestic companies in the energy, insurance, marine, healthcare, construction, and financial industries, among others. Additional information on the law firm is available at [www.leggefarrow.com](http://www.leggefarrow.com).
